New College Durham

## COUNTY DURHAM'S 'OUTSTANDING' COLLEGE

We are extremely proud of our achievements and success. During our latest Ofsted inspection, we were awarded Outstanding status. We have continually improved on our high academic standards, with our student achievements ranking with the best in the country. Our achievement and success rates in further education place us in the top 10% of colleges nationally. We have also received recognition of our excellence and innovation after being awarded Beacon status by the Learning and Skills Improvement Service (LSIS). We are proud to have been given this prestigious award, which recognises our continuing work to promote innovative new ideas and provide the best possible educational outcome for all of our students.

## College Gains Power to Award Foundation Degrees

New College Durham, the largest provider of Higher and Further Education in County Durham, is one of only two colleges in the country to be granted the power to award its own Foundation Degrees.

John Widdowson CBE, Principal and Chief Executive of New College Durham said: "We are delighted to have been given Foundation Degree Awarding Powers, which acknowledges the role that New College Durham plays in delivering high quality higher education. This gives the College the flexibility to develop new higher education programmes to meet the needs of employers and students. We will develop our Foundation Degrees as valuable qualifications in their own right, that will provide our students with the necessary skills and knowledge for employment or progression on to other programmes."

We have a high quality portfolio of over 30 Foundation Degrees and other higher education qualifications, including Honours Degrees, in a wide range of subject areas. As more students are staying local rather than leaving home, the prospect of joining a higher education programme at New College Durham, with affordable tuition fees, will have considerable appeal.

## FREE TRAVEL TO COLLEGE ON ARRIVA OR GO NORTH EAST

Flex & Travel offers full-time further education students free travel to and from College, on weekdays during term time up until 6pm, on services operated by Arriva or Go North East. Plus you can top up your ticket to get unlimited travel at evenings, weekends and holidays from just £99. Terms and conditions apply, please check out our website [www.newcollegedurham.ac.uk](http://www.newcollegedurham.ac.uk) for full details.

## PART-TIME HIGHER EDUCATION

We understand that studying full time may not be for you. That's why we have a wide range of programmes available to study part-time. That way, you still have time for work or family as well as improving your knowledge. If you are a part-time higher education student resident in the UK, financial help is available towards your fees and other costs related to your course. For further information, please refer to [www.direct.gov.uk/studentfinance](http://www.direct.gov.uk/studentfinance).

**So don't wait another year, ENROL NOW and beat the 2012 fee changes.**

## EXCELLENT STANDARD OF TEACHING

**Stella Jones**  
BA (Hons) Business Management in Housing (part-time).

I came to New College Durham and initially completed a Foundation Degree in Housing. I was very impressed with the standard of teaching and enjoyed the learning experience. The facilities are very good, particularly the Learning Resources Centre (LRC) and computer access. The campus is modern and I've got to know my tutors well over the last five years. The programme is very well structured, as it incorporates specific housing modules, in addition to general business modules. I would recommend anyone wanting to study a degree to come to New College Durham.

## A GREAT ENVIRONMENT TO STUDY IN

**Gemma Mitchell**  
Level 4 Higher National Certificate (HNC) Electrical Engineering (part-time).

After having my children I took a career break and when I decided to return to work I wanted a career change. My family are all involved in electrical engineering and this influenced me to look for a programme in that area. My time at College has been very positive; the other students are friendly and the staff are really helpful. It's a great environment to study in, as it has a relaxed atmosphere. I also have my child in the College nursery, which is very convenient as it's located on-site.
