Appendix 1: Information on Spent Convictions	9

1. Scope

This policy will cover the collection and further processing of criminal conviction data from students and will facilitate compliance with the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975, the Disclosure and Barring Service (DBS) Code of Practice¹ and UK Data Protection Law.

2. Responsibilities

The Senior Leadership Team are responsible for ensuring the College has a policy concerning the collection and further processing of criminal conviction data for students.

Programme Leaders are responsible for identifying clearly where a programme requires that a DBS check be carried out prior to a student being enrolled and identifying which types of conviction would prevent entry to a programme.

The Designated Safeguarding Lead and Deputies are responsible for ensuring risk assessed decisions are made on allowing students to attend the College campus.

The Head of Advice Support and Careers (ASC) is responsible for ensuring criminal conviction declaration data is processed appropriately.

3. Policy Statements

a. Provision of information

The College will make this policy and the DBS Code of Practice available to all applicants for all programmes and courses. It will also be available when a student enrolls.

The College guarantees that any criminal conviction information disclosed will only be seen by those who need to see it as part of the admissions decision.

New College Durham ensures that those staff that are involved in the admissions process have been suitably trained to identify and assess the relevance and circumstances of offences. We also ensure that they have received appropriate guidance and training in the relevant legislation, e.g. the Rehabilitation of Offenders Act 1974, Data Protection Act 2018.

b. Fair processing

The College is committed to the fair treatment of its students and undertakes not to discriminate unfairly against any individual who discloses a conviction

¹ [code of practice \(https://www.gov.uk/government/publications/dbs-code-of-practice\)](https://www.gov.uk/government/publications/dbs-code-of-practice)

directly to us, or via a DBS check. The College actively promotes equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a wide range of candidates, including those with criminal records.

We will only ask an applicant to provide details of convictions and cautions that New College Durham are legally entitled to know about. Where a DBS certificate at either standard or enhanced level can legally be requested (where the position is one that is included in the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 as amended, and where appropriate Police Act Regulations as amended) we will only ask an individual about convictions and cautions that are not protected.²

When a potential student discloses a criminal conviction the College will ensure they are aware of any restrictions on their ability to participate fully in the study programme, practice in the field or find work in that profession and advise on how they might maximise the value of the proposed programme/course.

Any discussion or risk assessment related to criminal convictions will be conducted separately from the course interview.

c. Programmes requiring a DBS

For those programmes where a DBS check is an entry requirement for a programme the rationale will be found in the programmes' handbook. If required, students will be asked to complete a DBS application at enrolment. The declarations at enrolment are regarding criminal offences in accordance with the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 noting that some convictions are deemed as 'protected' under current legislation.

Any failure to disclose relevant convictions/cautions in line with the above legislative requirements could result in disciplinary action by the College and may result in the student leaving their programme of study.

Applicants for programmes requiring a DBS will be informed at application stage and this detail will also form part of the programme handbook that is available on the College website.

d. All programmes – Application

Applicants for a course which requires a DBS will be presented with the link to the DBS Code of Practice, this policy and the following information on the College's application form:

f. Failure to disclose

If, at any stage during a student's period of study, it becomes known that a student has failed to disclose a criminal conviction, legal restriction, licence condition, or court order at enrolment, or has not informed the College of relevant changes in a timely manner, this may be treated as a breach of College of the Student Disciplinary Policy and Procedure and could result in the student being withdrawn from their programme of study

g. Disclosure of relevant Unspent criminal convictions

You must disclose any relevant unspent criminal convictions when you apply/enrol to study with us. Relevant unspent convictions include, but are not limited to:

- i) Offences listed in the Sexual Offences Act 2003** (in the United Kingdom; or equivalent Act outside of the United Kingdom);

i. Risk assessment process

Stage One: Initial declaration

Students must declare any unspent legal restrictions, conditions, orders, or relevant criminal convictions during the application and enrolment process.

Where a declaration is made, the College will contact the student to request further information (see below)

Stage Two: Further information

Students who disclose unspent legal restrictions or convictions will be required to complete a self-declaration form.

The information requested includes:

- Details of any current legal restrictions, licence conditions, or court orders
- Information relating to supervision or monitoring arrangements with external agencies
- Any restrictions relating to contact with others, access to facilities, placements, or use of online systems

Where appropriate, the College may request further information from relevant external agencies, including Probation Services, Youth Justice Services, Police or other professionals involved.

The information on the self-declaration form determines whether a risk assessment is required.

Stage Three: Risk assessment and outcome

Where required, disclosures will be considered through a formal risk assessment process undertaken by the Designated Safeguarding Lead and Deputies.

The risk assessment will consider:

- the nature and subject of the programme of study;
- risk to other students at the college
- the nature of the offence (s);
- the number and pattern of the offences (if there is more than one);
- the circumstances and background of the offence(s);
- how long ago the offence(s) occurred and the age of the offender when the offence(s) occurred; and
- whether the individual has accepted responsibility for their actions.
- Information provided by external agencies
- Appropriate support measures and risk management arrangements

Following review, the College may:

- Approve admission / continuation at the college based on the evidence provided.
- Approve admission / continuation on the college subject to an agreed conduct contract and/or specific conditions or restrictions.
- Decline admission to the college/withdraw student from the college

If the applicant is found by the DSL and Deputies to have made a declaration in error then the Head of ASC will expunge the data ensuring no record is held.

The Head of ASC will maintain a record of the outcome of any decision-making process.

4. Applicability to HE External Partners

Sub-contractual Partners must ensure that they have a comparable policy and procedure in place which has been agreed by New College Durham prior to contractual arrangements, or that they adopt this procedure in full.

Where this procedure is adopted, the sub-contracting partner must put in place mechanisms and resources to fulfil this procedure.

5. Evaluation and review

The effectiveness of this Policy will be monitored annually and reviewed every three years in light of experience, guidance from the Department for Education, the Disclosure and Barring Service, changes in legislation and best practice.

This mechanism recognises that changes to legislation may prompt a review of the Policy before the three years stipulated.
